Not sure if I already sent this out?

Good day recreational advisors,

We wanted to give you a brief update on the outcome of the Pacific Fishery Management Council with reference to summer/fall Columbia River fisheries. As you recall at NOF#2 on April 1, the middle alternative did not yet include northern fishery inputs and was exceeding LRH ER limit of 38%. We also indicated that it was likely reductions would be needed to occur at PFMC. Bottom line is South of Falcon ocean, North of Falcon ocean, Columbia River, and other coastal fisheries adjusted their fishing structures to collectively reduce LRH impacts to achieve a final ER of 38.0%; prior to this reduction, the total ER was 39.7% (10.2% river ER). The Columbia River reduction was split 70% recreational and 30% commercial, with a final Columbia River LRH ER of 9.8%. Staff will be working on the summer/fall pre-season plan over the coming weeks and distribute/post it on each state's website when finalized.

Below are the tentative fishing 2022 fishing plans with preliminary catch numbers:

- Summer Chinook
 - Astoria-Megler Bridge to Bonneville Dam (1,074 fish): June 16-June 22, MSF, 2 fish
 - Bonneville Dam to Hwy 395 (190 fish): June 16-July 31, MSF, 2 fish
- Fall

2022 Col. R. Fall Recreational Preseason Fishery Plan - Preliminary	Chinook Retention	Coho Retention	Steelhead Retention	Daily Bag Limit	Chinook Kept	Chinook Rel Morts	LRH ER%
Buoy 10 - W. Puget Is.	8/1-8/24 MSF; 8/25-9/7 nMSF 10/1-12/31 nMSF	8/1-12/31	Closed 8/1-10/31	2 fish/1 ChF 8/1-9/7 3 hatchery coho 9/8-12/31 3 fish/1 ChF 10/1-12/31	29,810	3,040	3.87%
W. Puget Is. - Warrior R.	8/1-9/7* 10/1-12/31	8/1-9/7* 10/1-12/31		2 fish/1 ChF 8/1-9/7 and 10/1-12/31	6,830	210	1.40%

Warrior R. - Bonneville	8/1-9/13* 10/1-12/31	8/1-9/13* 10/1-12/31		2 fish/1 ChF 8/1-9/13 and 10/1-12/31	9,630	300	1.30%	:
Z6 + McN - Hwy 395	8/1-12/31	8/1-12/31	1 fish 8/1-31**	2 fish/1 ChF	6,400	100	0.00%	(

* Salmonid angling closed when Chinook retention closes. Additional Chinook opportunity to be determined inseason.

** Steelhead retention closed Bonneville Dam to The Dalles Dam 8/1-10/31 and from The Dalles Dam to Hwy 395 Bridge 9/1-12/31.
